

Certificate

Test report number: 1-3445/11-1-2

Confirmation of Test Results

Certificate Holder:

Solarwatt AG
Maria-Reiche-Straße 2
01109 Dresden

Product:

Photovoltaic Module

PV Module Typ:

SOLARWATT M220-60 GET AK
(P = 210Wp – 245Wp)

Basis of Testing:

IEC 61215 (Hail Test)

Velocity: 33,9m/s
Mass: 80,2g
Diameter: 55mm

Test Description:

The impact of ice balls with a velocity of 33,9m/s, a mass of 80,2g and a diameter of 55mm on the surface of the here stated photovoltaic module have been investigated

Related Test Report Number:

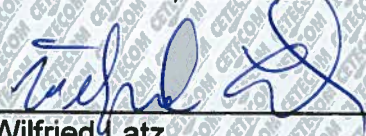

1-3445/11-1-2

Test Result:

Pass

The product test is voluntary according to technical regulations. Any change in the design of the tested sample (material, frame, etc) results in a loss of the validation of this certificate.
